☆1☆ How it all began

[image]

- I DO NOT OWN ANY OF THE CHARACTERS IN THIS BOOK, BESIDES ROWAN! DONT SUE, ALL CREDITS GO TO STEPHANIE MEYERS!-

It all began in 1920, Edward Cullen had at last learnt to control his lust for human blood (IK HE ONLY DOES THIS ALOT LATER BUT IDC, IT FITS WITH THE STORYLINE!)
And Edward was taking a stroll, late at night to clear his mind, when his head erupted with thoughts.
THE PAIN! OWW!
Edward stopped walking,and turned his head ,bewildered, towards the thoughts.
Suddenly, the smell of Human blood burst through the air.
Edward ran quickly towards the direction of the smell, and the thoughts got louder.
I CAN'T TAKE THE PAIN
When Edward finally reached a clearing ,in the huge forest he had been walking in, he saw a small girl withering against a tree.
Edward had an enormous urge to suck all the blood out of her, but something stopped him, suddenly he couldnt smell anything.
A stick cracked behind him, and he turned to see a figure racing out of the forest.
Edward then turned his attention to the small girl, she looked about 13.
She had bite marks all over her hands.
As Edward approached her cautiously, her head suddenly whipped up, and Edward stared into her bright red eyes.
" Please don't h-hurt m-me" she stuttered, and Edwards 'heart' shattered, he felt terrible that this helpless girl thought he was going to hurt her.
He picked her up gently, and carried her back to Carlisle.

When Edward arrived, the girl was still conscious, but she had her eyes closed , and Edward could hear her thoughts.

Its just a dream Rowan, its a dream, oh please let it be a dream!!
" Carlisle Help!" Edward Cried, when he entered the house.
Carlisle came running into the room at the sound of Edwards concerned voice.
Carlisle gasped when he saw the bundle of blood that was the girl, lying in Edwards arm.
" What has happened?!" Asked Carlisle, grabbing his medical kit.
" I'm not sure, I found her like this in the Forest" Edward said , breathless.
" I can't undo this, she was bitten by one of us, a vampire " Said Carlisle, slowly.
Edward looked heartbroken, like he had known this girl for ages, and now she was dead.

-Three days Later-

The transformation had finally finished, and Edward hadn't ever left Rowans side.
But Carlisle was suspicious about how the girl had been changed. She didn't seem to have gone through as much pain as a changing vampire should.
When Rowan finally opened her eyes, she saw Edward sitting on a chair next to her.

" What- Where am I , who are you?" She asked, confused and scared.
" I'm Edward" Replied Edward calmly
"And your a Vampire now" He said plainly.
Rowan stared at him in disbelief.
Is he crazy, vampire? I must be dreaming
" Im not crazy , and sadly you aren't dreaming!" Said Edward, and stood up.
Did he just read my mind, i dont want him to ready my mind-
Rowan started thinking, and Edward was listening, but then suddenly her thoughts stopped.
" How did you do that?" Edward asked, he had never come across someone who's mind he couldn't read.
Rowan looked at him confused, and was about to ask him something, when Carlisle walked in.
" Your awake! How pleasing!" He said, and walked over to Rowan .

At this point Rowan had had enough
" What is going on!?" She screamed.
Carlisle sighed, grabbed a chair, and explained everything.

" So I'm a vampire, and you two are vampires!?" Rowan wondered aloud.
" Yes, And I think I've figured out what your gift is already!" Said Edward, who had been standing in the corner the whole time.
"My gift?" Rowan asked, turning to look at Edward.
"Every vampire has a special ability, mine is to read minds, Carlisles is to be compassionate, and yours , i think, is to block things" said Edward , walking over to the couch Rowan was lying on.
" Block things?" Asked Carlisle
" Yes, I can't read her mind when she doesn't want me to, and back in the forest, i couldn't smell her blood, didn't you notice you couldn't smell her when I came here?"
Carlisle nodded, like he agreed.
Then Carlisle said "Anyway, I regret to inform you, but i don't think it possible for you to go back to your family, we have to keep the existence of Vampires a secret you see"
Rowans face stayed the same, and he shrugged, Edward stared at her horrified.
" Aren't you sad?!" He ranted.
Rowan shook her head "I've never had family, I'm an Orpan"
Edward frowned sadly and sat down next to Rowan. He felt connected to her, even though he had only known her for a few minutes.

From that day onwards Edward and Rowan were inseparable. Edward never let Rowan out of his sight . He and Carlisle found out that Rowan was only half- Vampire, a day after she finished transforming, Rowan simply stubbed her toe, and it hurt, but to a Vampire, it shouldn't hurt at all.
Carlisle ran some tests, and they found out she could be injured and get sick.
And that she didn't have a thurst for blood, she had to eat normal human food, sleep, and drink water.

The following year, Rowan and Edward got a new mother, Esme.

She was an extremely kind hearted woman.
She cared for Edward and Rowan so much, after she got used to the idea of being a Vampire.
She always made food for Rowan, and supported everyone.

12 years went by, just the 4 of them, being a family.
But Rowan never had any friends, Edward had warned her not to get attached to anyone who wasn't a Vampire.
And then 13 years after Esme arrived, Rosalie did, and Rowan would finally have a friend, who wasn't Edward.

It happened one night, Edward, and Rowan were writing songs on the piano, and Esme was listening quietly.
Suddenly Edward and Esme stiffened, the smell of human blood filled their nostrils.
Carlisle ran in with a beautiful young woman in his arms.
Turns out she had been raped to the brink of death.
When the woman finally finished transforming, after Carlisle changed her to save her life, she was pretty mad.
She obviously didn't like the idea of being a Vampire, and to make it worse, Carlisle thought that she could be Edwards mate....but Edward flat down rejected her.

Rowan felt sorry for the woman, who was named Rosalie, so she went to talk to her.
" Hi Rosalie " Rowan said shyly.
Rosalie didn't say anything.
" Look, I'm so sorry about this all! But being a Vampire can be fun....sometimes, and don't take what Edward said personally, he can be like that sometimes" Rowan said fast.
Rosalie turned to look at Rowan, and said " I'm sorry too, for the way i acted, i just would rather be dead"
Rowan nodded.

Rosalie came to adore Rowan, and was her new best friend.
But everything changed again, 2 years later , Rowan didn't mind the change.
Because the change was Emmet Cullen.

The cullens were living in Tennessee, when one day, Esme and Rowan were cooking in the kitchen,Edward was playing the piano,

and Carlisle was in his study .
Rosalie had gone for a walk.
The day was normal, until Carlisle came running out his office because he smelt human blood , Edward stopped playing, and Esme stopped cooking.
A few seconds later, Rosalie came crashing into the room with a man in her arms, the man looked like he had been mauled.
" Save Him!" She shouted at Carlisle.
" Rose, his injuries are too severe" Says Carlisle oblivious to what Rose meant.
"I meant change him!" She screamed.
"I- oh!" Gasped Carlisle, and he did as asked.

When Emmet woke up, Carlisle and Rosalie explained everything to him.
And suprisingly he wasn't mad at all, if anything, he was happy.
Emmet had such a sarcastic and relaxed spirit about him.
Rowan noticed that Emmet couldn't keep his eyes of Rosalie, and Edward kept making faces.
Rowan knew this meant that Emmet really liked Rose, and Rose liked him back.
Emmet also became protective of Rowan, after a few years ,when he learned about her half- transformation.
Even though Rose and Emmet were now a couple, Rose and Rowan stayed best friends and sisters. And Emmet and Rowan were always planning pranks and fun things to do.

Edward, Emmet and Rose referred to Esme and Carlisle as Esme and Carlisle, but Rowan called them Mom and Dad.
She had never had a family, so this was her dream.
Edward was the person she looked up to the most, he had saved her life, and given her a family.
Rosalie was her best friend, and was always there for her, they knew all of eachothers secrets.
Emmet was Rowans hype, he was goofy and always lifted her spirits.

A year after Emmet joined the family , the Cullens moved to Forks, Washington.
And there they ran into a werewolf pack.

They made an agreement with them, and settled, and eventually moving away.

Then in 1950, two other Vampires appeared in their house.
Alice and Jasper.
Alice said she could see the future, and she had seen them all being a family.
Edward was suspicious at first, but grew into the idea.
Rosalie and Rowan talked to Alice, and decided she was nice.
They joined the family and all was well.

But then an enormous change happened, and no one knew it, not even Alice.
In 2003 , The Cullens moved back to Forks.
But it all starts in 2005.

☆2☆ The Accident

2005, First Day of school, at Forks high school.

- Rowans Pov-

It was my first day of Highschool, well my first day of Highschool at Forks Highschool.
I appeared old enough to be a small freshman.
I had just stayed at home for the two years we were here, but now I could go to school with my siblings.
That was how things normally worked.
I wasn't excited because I had been to Highschool alot!

" Wake up RowBoat!" I heard Emmet say, as he shook my gently awake.
RowBoat was his annoying nickname for me.
" I'm up! And stop calling me that Em!" I say, annoyed.
Even though I was a half- Vampire i still had to sleep
" Cheer up RowBoat, its your first day of Highschool!" Emmet says cheerfully.
I roll my eyes " My first day of highschool for the 100th time!"
Emmet chuckles and leaves me to get ready.

I walk downstairs and Edwards waiting for me, with my cereal.
He always makes sure I eat every meal, even if im not hungry, hes way too overprotective, but i don't really mind.
" Excited for your first day?" He asks sarcastically.
" I swear if someone says that again!" I say, punching him lightly in the chest even though he won't feel anything.
Edward laughs, and hands me my cereal, which i eat.

Edward and the rest if the family were a bit worried about today, because Alice had seen a human girl coming to school, and she was supposed to have something to do with Edward.

I hopped in Edwards car, and we drove to school.

We parked next to Emmet.
We got out and chatted for a while before actually getting to class.

Everything was going normal, until lunch.
My family and I booked a table at the back of the cafeteria, and Edward had already gotten me a plate of food.
" I spotted the new girl" He says, eyeing a pale girl with brown hair.
" Jessica Stanley is introducing us" Edward says with a smirk.
" She better make it good" Says Emmet.
I roll my eyes and eat.
After a while, Edwards face gets concerned.
" I can't hear her.." Edward said suddenly.
I almost choked " What do you mean, who?!" I asked.
" Bella, the new girl, i cant hear her thoughts "
All my siblings jaws drolled at Edward, the only persons thoughts he couldn't read were mine, and that was only when i didn't want him too!
" Should we talk to her?" Asked Alice, who obviously saw something in the future.
" No!" Edward said sternly.
Alice frowned, and I shared a giggle with Rose.
" Well you have Biology next , with her!" Said Alice.
Edward nodded slowly, and pestered me to drink some more water.

(One of my other gifts, besides blocking things, was the ability to sense when my loved ones were upset or in danger, this is how i know what happened, to Edward in biology.)

I wish Edward luck for Biology and head to my Maths Class.
A few minutes into the class, I feel waves going through me , these waves are one of my gifts, they unleash when a loved one if feeling a strong emotion.
I immediately knew it was Edward feeling it, and got worried.
I was distracted the whole lesson, and as soon as it was over, i bolted out the classroom to find Edward, i saw him and Alice joined me in going after him.
We stopped him in the parking lot.
" Eddie whats going on?!" I ask worried.
" Its the girl! Bella!" He says, and pulls his hair.
I motion for Alice to leave, and she does.

I take Edwards hand.
" Eddie, tell me what happened please" I say softly, and he nods.
He explains and then says something unexpected " She my blood singer Rowan, she is!"
I stare at him in disbelief.
A take a few deep breaths and ask him what he's going to do.
" I'm going to go to Denali, and stay there for a bit"
I nod slowly and hug him. " I miss you already " I say.
He smiles and gets in his car, and drives away.
After school all my siblings come running after me.
I tell them where Edward has gone and what happened, except for the part about Bella being his singer.

We go home and Mom and Dad already know what happened.
I flop down on my bed, and sigh.
I missed Edward already.
He had left me once, when he went through his rebellious stage.
That was the hardest time of my Vampire life.
But this time, it wasn't going to be for as long.
Maybe a week or so.

Emmet came in and gave me a snack, i thanked him, ate and then went downstairs.
I sat down at the piano, and hesitantly, open it up.
I put my hands gently on the keys, and thought about my first time playint the piano, it was with Edward.
He had taught me to play.

I push down on the keys slowly and started to play a song Edward and I had wrote together.
It was about our bond, and it meant alot to both of us.
They were words, I usually sang, and Edward played, but today, i couldn't pluck up the courage to do both.
When I finished, I walked slowly up to my room and pulled out all my art stuff.
I had been painting since forever.
Esme loved my paintings, and wanted one for Christmas every year.
Today, I pulled out my darker colours.
I painted a grey rose, with a single spot of pink left.

It was a sad painting, but I knew Esme would still want me to keep it, so once it dried i hung it on my wall along with all my other pieces.
I had an entire two walls in my room, dedicated to my paintings.

A week later Edward came back.
And i was so happy.
Edward decided to talk to Bella in Biology.
In between classesI was walking down the hall, when one someone called my name.
" Rowan!"
I turn, and see a boy i recognised from my English class, i think his name was Dylan?...
" Im Daniel " he says, close enough.
I nod my head, unsure what to say.
He just stares at me.
" Uhh is there a reason you called me or?" I ask awkwardly
" Oh yeah right sorry" he says "I was wondering if you wanted to hang out sometime? Your really pretty"
I freeze as he says this, I didn't even know this kid.
I didn't know what to do.
Why hadn't Alice seen this and warned me!
Suddenly, I knew how to get myself out of this mess.
EDWARD HELP A BOY JUST ASKED ME OUT I scream in my thoughts.
And suddenly I felt someone behind me.
"My sister isn't going anywhere with you" Says Edward from behind me
And with that Edward pulled me away from Daniel.
I thanked Edward and we went to Lunch.

" So whens your date with Daniel?" Asked Alice, as soon as Edward and I sat down.
" WHAT DATE!" Boomed Emmet.
Rosalies jaw dropped, and Jasper gasped.
" Alice you knew he would ask! And you didn't tell me!" I cry.
Alice nods and giggles.
" Whos Daniel, and when can i beat him up?!" Asks Emmet, still mad.
" Emmet, chill, I'm not going on a date with anyone!" I say quickly.

Emmet relaxes " Good!" He says and pushes a plate of food towards me.

-The next day-

The next day I woke up to Rosalie shaking my shoulder.
I got ready and walked downstairs.
And as usual , Edward had my cereal ready.
But he also had a one of my jackets "Put the jacket on, its cold outside" he insists.
I nod and eat.
We arrive at school early, so we chat next to our cars.
Suddenly Alice says "No!" And Edward Gasps.
Tyler Crowley's van comes round the bend at a high speed.
It spirals out of control and heads straight for.....Bella.
In a flash Edward is gone, and he stops the van from hittint Bella with his strength and speed.

"God damn it Edward!" Mutters Rosalie
And Emmet grabs my shoulders and pulls me into his car. Alice and Jasper get into theirs.
" what now?" I ask as we pull out the school parking lot.
" I'm going to the Hospital and your coming with me!" Instructs Rosalie.
" Why?" I ask.
" Because your the only person Edward will actually trust to tell whats going on with him!"
I nod and say nothing, knowing that arguing with Rose was a bad idea.

Emmet ran home, and Alice and Jasper drove home, while Rose and I went to the hospital.
We met Edward there in the waiting room .
I ran up to him and hugged him.
" Are you okay? " i ask.
Edward nods and picks me up.
" How could you do that, dont you realise what you've done!" Whisper shouts Rosalie, and they start having an argument.
I hate it when my siblings argue, because I can't choose sides, and I wish everybody would get along.
I burried my head in Edwards shoulders while a few tears dropped

my cheeks.
Carlisle had also joined the arguement.
Edwards stopped talking when he felt my tears drop on his cold skin.
He hated making me upset.

He put me down and wiped the tears of my cheek.
At that moment, we all turned and saw Bella looking at us.
She asked to talk to Edward, sk Edward kissed me on the forehead and walked over to her.
Then Rosalie grabbed my hand and dragged me home.

I wanted to talk to Edward really badly.
When Edward finally got home, I tried to talk to him, but Rosalie wouldn't let me.
She tried to block my from seeing him.
But Esme stopped her.
I jumped into Edwards arm.
" Are we gonna have to move now?" I asked Edward.
Edward shook is head.
I relaxed and asked him why he saved Bella.
" I don't know Rowan, I don't, i felt something that pushed me to do it"
I stared into his eyes, trying to guess what he was feeling.

That night, Edward tucked me into bed.
He hummed our song until a fell asleep.

☆3☆ First Argument

The next day, Edward woke me up.
He told me he was going to ingnore Bella, and I didn't really agree.
"Im not sure thats a great idea Ed, it'll just make things worse"
Edward frowned, but didn't say anything about the matter.
" Come on, you need to eat!" He says instead , and drags me to the kitchen.

We arrive at school, and I head to class.
Today, I had History first.
I sat next to a girl with Hazel hair, and green eyes.
We hadn't ever spoken, and that's the way it will always be.
Daniel, was also in my History class, he sat in the desk infront of me.
Halfway through the lesson, he turned around and passed me a note.
I took it from him hesitantly.
Why hadn't Alice told me about this!
I unfolded it and read:
Dear Rowan

Do you wanna hang out after school, just tell your brothers your studying or something

-Daniel

I didn't know what to do.
I could scream in my thoughts for Edward, but he couldnt help while I was in class.
I just didn't return a note, and when class ended, I ran out, making sure Daniel couldn't stop me.

I found Alice, Emmet and Rose hanging out by the staircases.
I marched up to Alice, furiously.
" How dare you not tell me he was going to do that!" I say, mad.
Emmet and Rose look at me confused.
" Who? What?," Asked Rose.

I handed her the note, and she showed it to Emmet.
" This is the same guy as last time?" Emmet asked.
I nodded, and Emmet said "Alright, can I please beat him up!"
Rose sends him a glare.
Alice goes to find Jasper, laughing as she leaves.
" Now what am I supposed to do!" I whine.
"You can let me beat him up!" Says Emmet, hopefully.
I shake my head, and he sighs.
" Just decline" Says Rose simply.
I groan, and go find Edward.

I explain everything to Edward and he laughs.
" Its not funny! Its a serious situation!" I rant.
" A boy you don't like , asking you out is a serious situation?"
I nod, and then laugh.
" But still! I don't know what to do, maybe I should let Emmet beat him up!?" I say, desperately.
Edward chuckles and takes me to my next class.

During Lunch, Bella couldn't keep her eyes of Edward, and Rose still wasn't talking to Edward.
I sat in between them, to break the tension, but it didn't really help.
Edward wouldn't talk, and Rose was to busy glaring at Bella.
So I talked to Emmet.
"Okay, I'm thinking , you can walk past Daniel, and then loudly say something like ' If a boy were to ask my sister out, I would torture him to death'"
Emmet nodded "I would do that! If you let me! Can i at least slap him?"
I roll my eyes " Is that a yes?" Asked Emmet hopefull.
" No! Emmet no beating or slapping!"
Emmet frowns and ruffles my hair.

This is exactly the reason why Emmet was the best person to go to when you were sad, or no one wanted to talk.

Emmet and I executed the plan that afternoon in the school parking lot.
Daniels face was hilarious, Emmet and I couldn't stop imatating it , and laughing.

"No ones ever going to ask my sister out again!" Said Emmet proudly.
" I'll be single forever!" I shout.

Weeks past, and Edward was still avoiding Bella.
But something else had come up.
The school dance.
Alice wanted to go dress shopping already, but I wasn't sure if I was going.
Edward and I were walking to class when we passed Tyler Crowley and Mike Newton.
Edwards face turned into a frown.
"They're both thinking about asking Bella to the dance" he said.
I stared at him confused, why did he care.
"Wonder who shes gonna choose, personally I'd go with anyone but Mike Newton" I say sarcastically.
Bur Edward look at me sternly, and walks away quickly.
What was his problem?

After school, Edward tells me about how Mike, Tyler and a boy named Eric all asked Bella out to the dance.
I laugh and feel sorry for her.

That night I couldn't sleep, so I got out of bed, and went to Edwards room.
He was normally in there, and when I couldn't sleep, he would play me a song.
But there was no one in his room.
I walk downstairs, wondering if he was there, instead I see Emmet and Jasper watching TV.
" Hey RowBoat, Your supposed to be asleep" Emmet says, turning, after hearing my footsteps.
" I can't sleep, wheres Edward?" I ask.
Japser and Emmet turn to look at eachother, they exchange guilty looks, and turn back to me.
"He's hunting!" Says Jasper hurriedly.
Emmet nods, and picks me up "Come on,you need to sleep!"
I struggle against him, they were both lying, I could tell.
Emmet lays me down, in bed, and turns the lights off.
I lay awake for a long while wondering where Edward really was,

and eventually dose off.

The next morning, at school, I find Edward.
"So, how was your hunting trip" I say coldly.
"My what, umm, oh yeah, Hunting, it was great"
I stare at him disappointed.
"Your lying to me" I say, and storm off.

I didn't see Edward until lunch.
But he didn't even sit with us, he sat with Bella!
I was so angry with him.
After Edward came back from his rebellious stage, decades ago, he promised me, that he would never lie to me again.
And he just broke that promise, and hadn't even tried to apologise.
Emmet tried talking to me, but I wouldn't listen.
"
Rowan please!" He begged.
I turned away from him, and stared out the window.
Even Emmet and Rose were lying to me.
I felt so weak, and small.
I glared at Edward, and made sure to block my thoughts.
After school, Edwards car wasn't in the parking lot , he had driven Bella home, because she had passed out in Boilogy.
I rode home with Emmet and Rose, not saying a word.
And when i got home, i ran up to my room and stayed there.

Edward came home, and he and Emmet decided to go hunting tomorrow.
He tried to talk to me, but I did not say anything.
" Rowan, I'm sorry okay!" He said, pleading, at this point I had enough, I was tired of this.
"Your sorry! SURE, like thats going to fix things! You broke your promise, and your sorry?!
You made that promise decades ago, and up till now, I believed that you would keep it!Dont you understand!" I screamed at him.
He looked shocked "Rowan-" He began, but i continued "No, Leave me Alone, I dont want to talk to you!
How about you go have fun with Bella! Or maybe think of something else you can lie to me about!"
I shout, and storm out the room.

I run into the garden , and run though the forest.
I can hear people running behind me, but I dont care, I kept running.

I ran until I came to small stream.
I sat down, and sobbed for a while.
When i finally pulled myself together I looked around.
I was totally lost.

I had just had my first ever argument with Edward, and I was lost.
This wasn't a good situation.
I had quite of few scratches over me from running through the forest.
Hopefully Alice would see me going somewhere and send someone to come find me.
Why did Edward lie though?
I decided to climb a tree and see where I was.
So I scaled a tall tree and looked around.
I saw our house not to far away, maybe I wasn't that lost.
I climbed down, and headed in the direction of the house.

When I got there, Emmet was pacing the garden, and cracking logs.
"Rowan! Thank God!" He shouted as he saw me.
He ran up to me and hugged me.
"Don't ever do that again RowBoat, Alice said you'd find your way back, but I was still so worried"
I nod.
Rosalie, Carlisle, Jasper and Esme come running out the house, and say the same thing Emmet did.

When I finally got to my room, I realized I hadn't seen Edward.
I sighed and flopped on my bed.
I messed up bad I thought.
I cry for a while and then decide crying is useless.
So I got up and went to Edwards room to apologise.
He wasn't there. Again.

Emmet made sure I had dinner, and went to bed early.
I said goobye to him, because he was leaving with Edward in the morning to go hunting.
Friday was a boring day, without Edward and Emmet.

I wondered around the house pointlessly on Saturday.
I felt terrible for what I said to Edward.
I shouldn't have even said anything!
When Emmet and Edward finally came back home on Sunday, I waited till I knew Edward was in his room, and go talk to him.
" Eddie?" I ask, tiptoeing into his room, he is sitting reading on the couch.
He sits up, and puts his book down whe he sees me.
" Ed, Look, I'm extremely sorry for what I said on-" before I could finish Edward cut me off.
"No Rowan! Don't apologise! It was all my fault, I shouldn't have lied to you! Its was a hug mistake!"
Edwards eyes stare into mine, and I can sense how sorry he is.
Instead of saying anything, I run and jump into his arms.
"I missed you" I say into his chest.
He laughs "I missed you too"
Then I realized why we started arguing in the first place.
" So! Where were you on Wednesday?" I ask.
Edward sighs, and explains.

"So you went to Bellas house....And watched her sleep?!" I ask horrified.
Edward nods.
" Your such a creep!" I say, teasing him.
Edward chuckles, and hugs me again.

We didn't go to school on Monday or Tuesday because it was sunny.
My skin didn't sparkle in the sun, but i didn't feel like going alone.

But Tuesday evening, something happened.

4 Bella

Tuesday afternoon came, and Edward had left to do something.
I went to his room to find a book that he had because it had some nice pictures in it that I wanted to recreate.
Suddenly Edward burst in and grabbed a jacket from his cupboard.
"Why do you have a jacket, you don't need one?" I ask confused.
"I- I'll be back later tonight," He said, rushing out the door.
" Edward Cullen come back here!" I shouted and ran after him.
He was getting in his car when I found him.
"Where are you going, Ed? No lying remember!?"
Edward sighed, "Fine, I'm going to Port Angeles, to follow Bella"
I stared at him, there was some sort of emotion building up inside of me.
"Oh, okay, bye," I said sadly and went back inside without waiting for him to answer.

"Woah! What are you jealous about?" Asked Jasper when I went past his and Alices' room.
"Jealous?" I said confused, that was the emotion I was feeling.
"Yeah, I could feel it from a mile away!" Says Jasper, shocked.
I shake my head and run to my room.
Jealous? What was I jealous of?
Bella maybe, that now she is getting all of Edwards's attention, and she is a human! Doesn't Edward realize what he's doing!?
I was so upset with myself for being jealous, that I blocked Jasper from sensing my emotions.
Emmet came into my room a while later.
" Hey RowBoat, what's got you all dull"
I sigh.
"I'm not sure Em, it's just that....nevermind"
I didn't want to tell Emmet how I felt, because he might laugh.
"No RowBoat, tell me please"
I looked at Emmet and sighed.

" Fine, Edward is spending all his time following Bella around!" I say, looking at my feet.
" Aw Rowan! Come on! You still have me! And now I can be your favorite sibling!"
I laughed, telling Emmet was a good idea, he always made sure I was happy.
" No, After Edward it's Rose," I say teasing him, and we hear Rose shout from her room " Haha! I'm winning!"
We both laugh and go downstairs.

After eating supper, and reading for an hour or so, Edward still hadn't come back.
Bella couldn't have been in Port Angeles now.
I wondered where he was while getting myself ready for bed.
That night I didn't sleep well, I woke up when I heard Edward shuffling around in his room, which was next to mine.
I jumped out of bed and ran into his room.
" Eddie!?" I whisper shout.
"Rowan, you're supposed to be asleep" He complains.
I roll my eyes.
"Where were you?" I ask
"I told you, Port Angeles"
I look at him, and my eyes fill with tears "You promised not to lie again, and you just did!"
I stormed out of his room, and instead of going to my own, I went to Rose and Emmet's.

"RowBoat! You need to sleep now!" Says Emmet when I storm in.
I start crying and Rose and Emmet both hug me.
"Rowan, what's wrong?" Rose asked concerned.
"It's Edward! He keeps breaking his promise!" I cry I was so upset.
Emmet and Rose sat there shocked.
"Edward Cullen, broke his promise, that he made to you, Rowan Cullen?!" Emmet asked, in disbelief.
I nodded and cried some more.
"It's that human girl's fault!" Said Rose angrily.

Esme and Carlisle came running in, after hearing the commotion.
Emmet and Rose explained what happened because I was too busy crying.

Eventually, I fell asleep in Emmet's arms.

The next morning, I woke up, in my own bed.
I got up, and ready.
I went downstairs, and Edward wasn't there with my cereal as usual.
It made me even more upset.
I just ate a banana and went to the garage.
Edwards car wasn't there.
So I went to school with Emmet.
When we got there, we saw Edward and Bella standing next to Edwards's car.
I could barely look at him without wanting to cry.
He was giving all of his attention to Bella now.
Rose was even angrier at Edward, and Emmet was upset with him now as well.
Emmet wrapped his arm around my shoulder when Edward turned to look at us and dragged me away with a glare on his face.
Edward looked shocked.

At lunch, something even worse happened.
Edward sat with Bella again and I didn't feel like eating anything.
"Rowan! You have to eat! You only had a banana for breakfast!" Pushed Rose.
I rolled my eyes, sighed, and put a chip in my mouth.

I felt so empty, and I was still so mad at Edward for breaking his promise.
Then suddenly Rose growled.
"He told her!" She hissed.
"What?" I asked, I didn't have super hearing like my siblings.
"He told her what we are!" Growled Jasper.

I nearly choked.

I gasped, how dare he! It was our biggest secret.

That afternoon, Edward went home with Bella, and Emmet drove me home.
When we got home, we all stormed inside angrily.
"What's wrong?" Asked Esme, shocked at our attitude.

"Edward told that human what we are!" Shouted Rose.
Everyone started ranting and shouting, but I just stood there in silence.
Edward told Bella, Edward sat with Bella, Edward drove to and from school with Bella, Edward does everything with Bella!
I was so overwhelmed, my entire world was falling apart.
I didn't have Edward to comfort me by playing the piano or hum my favorite songs.
I burst into tears again, and Emmet picked me up.
"Shh RowBoat, everything will be fine!" He said and put me down on the couch.
I pulled myself together, and said "Sorry, I just need to be alone"
Everyone nods and I go up to my room.

I sat down on the floor in my room. I was lost in my own world. I didn't know what to do with myself. I slowly got up and pulled a green box, detailed with pink flowers, off my shelf.

This was my memory box. I kept pictures and souvenirs in it.

I opened it and pulled out a picture of Edward and me. It was a picture of when Edward was first teaching me to play the Piano. It was in black and white. I smiled to myself, thinking of all the good memories we had together. Tears fill my eyes, and I put the box away, not wanting to ruin any of the photos.

That night Carsilse called a family meeting. We all sat around the long table and began to discuss what happened.

"Edward shouldn't have told her!" Exclaimed Rosalie

"It's not my fault she's friends with a descendant of Ephraim Black!" Complained Edward, and everyone gasped at this new piece of information. Then a whole storm of shouting and yelling began, mostly between Edward and Rose.

I felt tears forming in my eyes, Jasper sensed my emotions, and silently tried to erase them, but I blocked him from doing so without meaning to. I hated my siblings arguing, and I was still mad at Edward for breaking his promise, again. Suddenly I heard Edward mention in his squabbles, that Bella and he were dating! I

almost screamed.

Edward and Bella were together. Edward was with a human! Edward had someone who wasn't me! Edward would try and protect her, and not me!

●5● I love you Eddie

The shouting continued, until I i couldn't take it anymore.

"SHUT UP, SHUT UP!" I screamed, and Edward and Rose stopped and looked at me, shocked.
I stormed off to my room, crying as I did so.
I needed to get away from here.

So I grabbed my phone, and called Tanya.
"Rowan! Omg how are you?" Tanya replied.
"Im terrible, can I come stay with you for a day?" I asked.
"Aw Rowan, sorry, but we're all away hunting for a few days"

I hung up, and cried some more.

"Rowan, please don't cry" A voice from my door said.
"Go away Edward, this is your fault!" I hiss.
Edward then barges in.
"This isn't my fault! Its not my fault Love is powerful!" He shouts.
I sat there, shocked, Edward had never shouted at me before.

"Rowan! I am so so sorry! But I can't just go back in time and change this!" He says, in a softer tone.
"Please, please forgive me! I'm so sorry!" He pleaded.
I looked up into his eyes.
"Okay, I forgive you" I say quietly.

Edward hugs me, and thanks me.
Then he started to walk out.
"Where are you going?" I questioned
Edward stops, and turns to me, with an unsure look.
"Bella.." He whispered.
I sighed and nodded.
Edward smiled, and kissed me on the forehead.

He was at my door when I stopped him "Edward?"
"Yes?"

"If your going to be spending time with Bella...can you-"
"Can I what?"
"Don't forget about me?" I asked him in a whisper.

Edward ran up to me, and hugged me.
"Rowan I would never forget you! Ever!" He cried.
I hugged him back.
"I love you Eddie"
"I love you Rowan"

And then Edward left to be with Bella.

6-Meeting Bella

The week passed normally, until Sunday. On Saturday morning, Edward called a short family meeting. I ran downstairs, my hands still stained with paint, from the picture I had been working on in my art room.

" Well?" Rose asked, annoyed. "I'm going to invite Bella over here to meet you all tomorrow!" Edward said, "And please be nice!" He added looking at Rose. Emmet smirked, " What does nice mean?" He joked. Edward rolled his eyes, and Emmet and I fist pumped.

"I think it's a wonderful idea!" Esme said cheerfully, of course she did. "I'll even cook for her!" I stared at Esme with accusing eyes until she said " And you Rowan" I smiled triumphantly. Esme's cooking was the best! Edward looked content, Happy that we all agreed with the idea, except maybe Rose and Jasper. I guess I was a little bit annoyed that Bella would be spending the next day in my house. Rose felt the same when I asked her about it later.

"I mean, she's a human!" Rose complained, "Can't he date Tanya or something!?" "Nevermind, it's not like it will last long, unless...." I said, but then stopped, knowing that Rose was sensitive about the whole 'turning people into vampires' thing.

I sighed, and walked back into my room.
Emmet was in there, looking through my paints.
"Uh- Emmet? What are you doing?"
Emmet jumps, stutters something and runs out.

Wierd much. Anyway, a looked through my paints to see if he took any.
Not that these paints were valuable, I kept the more expensive and rare colours in my art room.
Like this really cool red, called rasberry splash, which was extremely expensive for paint, and I had only gotten it Yesterday.

Anyway, I spent most of the afternoon letting Alice do my nails.

It took long because she started over a million times, even though she could see that they would fail.

7- Alice☆

Saturday night, the day before Bella would come to our house, and charm away Esme, Carlisle, Alice, and maybe even Emmet. I was laying on my bed, just staring at the ceiling , when I heard a light tap on my door.
Before I can say come in, Alice gracefully glides into the room, with a huge frown on her face.

Jasper also waits by the door.
"Rowan! How could you!!" Alice cries.
I stare at her confused.
"Oh right! " Alice realizes "Your going to go all angry- Rowan on Bella tomorrow!!"
I stare at Alice an smirk.
If I did that, I can't even imagine what Edward would do.
"Rowan! You have to control your anger!! And I don't get why you don't like Bella!!!" Alice continues, and I roll my eyes.

I feel Jasper try to calm me down, but I blocked him from doing so.
I hear him growl a little, but he's not mad at me.
Alice continues blabbering on.

Alice and I have never been that close, well not as close as I am with my other siblings.
I guess I was upset with her for trying to get close to Edward.
Geez, when I think about it, I'm extremely selfish.

Eventually I get tired, and stop blocking Japser from reading my emotions.
You see my powers also take up my energy, which is why I need to sleep.

"Alice, lets leave Rowan to rest" Jasper says, Alice huffs and marchs out the room.
I send a grateful glance to Japser as hes closing the door.

Would I be able to contain my anger tommorrow?

Or maybe I just won't because I don't want to.

○8○ Mom

I'm still annoyed about Bella coming tomorrow, but I've chosen to except it for Edwards sake.

I love my brother, but sometimes he can make the worst decisions. And dating a human was one of those horrible decisions.
But I would *try* and support him.

That night I grabbed some fruit and was eating, when mom came up to me.
"Hi sweetheart" She said, taking a seat next to me.
"Hi mom" Esmes eyes still long to cry when I call her mom, obviously Vampires can't cry but Mom says if they could she would cry.
She smiled at me.
"So I was wondering if you could paint me a picture for your father and I's room, I'm redecorating it?"
I chewed the last bit of fruit and then nodded excitedly.
"What type of picture?" I ask, thinking about all the styles of art I can perfect.
"Hmmm, maybe some red flowers?" She says, clearly thinking about what colours would match the new design.
"Okay, I can use that new cranberry colour I got yesterday!" I squel.

Mom agrees, and then suggests that I head to bed soon.
So I clean my room a little and then run over to Rose and Emmetts room to say goodnight.

"Goodnight RowBoat!" Emmett chuckled.
I lift my arm to hit him , but then remember that I'll probably hurt myself if I try.

I lie on my bed, and think about tomorrow.
Would I actually go off on Bella?
The future could change right?
I was going to keep my cool right?

Right?

9 Bella visits

Todays the day I meet the person I hate most in the world, Bella Swan....yay.

I can't believe Edward actually let her come and visit! It's ridiculous, he's letting a human into a house full of vampires! Honestly, I thought Edward was smart. I'm only going to try to be nice for everyone else's sake.

I woke up pretty early. Its a Sunday, a day meant for relaxing, but how on earth am I supposed to relax when Bella is coming over. Jaspers stressing, he's not sure if he'll be able to control himself, Esme's frantically trying to choose something to cook, and I'm just here.

I decided to get to work on that painting Esme asked me to do for her. I spent a while looking through books with different flowers in them until I decided to do a rose. Then I choose the canvas size (with Dad's help) and started to roughly sketch my drawing out. While I'm looking around for some paintbrushes, Alices bursts into my room and hugs me.

"Ummm...Alice, what's going on?"

"You're going to keep your cool with Bella! I'm so proud of you!"

"Oh...errr, thanks...?"

And with that, she skips happily out of the room! Alice is very odd sometimes, but we all love her for it. Anyway, I found my huge jar of paintbrushes and was looking around for my paint when I heard a car pull up in the driveway!

"They're here! Positions everyone!" Alice shouts.

Positions, oh god no, please don't tell me Alice has some show-like thing planned, because I really can't do this right now. I walk out of my room, lazily, and down the stairs, I can hear Mom, Dad, Emmet, and Rose introducing themselves. I also hear glass shatter? that's odd.

"I'm Alice-" I hear Alice starting to introduce herself, and Carlise explaining Jasper's situation. Then for the first time, I hear Bella speak.

" Don't you have a younger sister Edward?"

Oh gosh, this is my time to shine.

" Yes, that would be me" I saw and skip into the room, trying to not look bothered. Who cares about what Bella thought about me, she was just some stinking human.

"Bella this is Rowan," Edward says, giving me a glare. Well gee dude, just because I didn't give your girlfriend a hug and a kiss doesn't mean you have to be rude. Oh well, Edward will be Edward.

Edward takes Bella on a tour of the rest of the house, and I go back up to my room to finish my painting. This was only the beginning of a long day.

HEY YALL, SO LIKE, SORRY FOR NOT POSTING IN FOREVER.

PLEASE COMMENT AND VOTE!

LOVE YOU ALL! STAY SAFE AND STRONG!

I sat in my room trying to read, but couldn't help thinking about Edward and Bella. I could hear them chatting in Edward's room, which was next to mine. I sigh, wishing Edward would talk to me as much as he used to.

I heard a light tap and turned to find Rose standing in the doorway. She gave me a sad smile.

"You okay Row?" She asks softly.

"I guess, I just wish he would notice me y'know"

"Maybe he just needs time to think about it?" She offers, sitting on my bed.

"But that's the thing, whenever he needs to think about something, he comes to me! And now it's like I don't even exist" I hold back tears, as I cuddle into Rose's arms.

"Maybe I'm being too emotional! Maybe I'm overreacting! But I feel stupid and forgotten either way! I hate this!" I cry quietly.

"Shh Rowan, your not stupid, or forgotten!" Rosalie assures me. She kisses the top of my head, when Alice and Jasper come skipping in, well Jasper walked, Alice, skipped.

"Rowan! calm down! I know I said you wouldn't but now you shouting at Bella is back!" Alice says, obviously upset.

"Don't fucking tell me to calm down Alice! You like her, She likes

you! Edward still talks to you! Not me! So shut up!" I shout, regretting it instantly but not showing it. I get up and storm out, only to be held back by Jasper. He gives me a sad frown and pulls me back into my room.

"Let me go!" I cry, struggling against his strength.

"Rowan please, it's okay! everything is fine! We'll sort everything out!" Rose strokes my hair and gently pulls me onto her lap again when Jasper lets go.

"No, it won't be! It's all ruined! I have no one now!" My scream was muffled by tears.

Mom and Dad come rushing in, and Rose tells Alice and Jasper to leave, as Emmet walks in.

"Please don't cry, honey!" Esme says, taking me from Rose.

"Rowan, your strong, I know you are, try and calm down" Carlisle pats my back.

I tried, I really did. The fact that Edward could hear what was going on, and could mind-read if he couldn't physically hear, and was still sitting in the room next to me, chatting to Bella was what completely broke me. I couldn't understand why he chooses her, and just completely forgot me.

~~~~~~~~~~~~~~

After a while, it's just me left in my room. I stare at all the paintings scattered around my room. All of them have a meaning or a story, whether they were hidden or not.

There was a drawing of Emmet and Rose at one of their weddings, A painting of the weird rock Jasper and I found on holiday once, and a picture of me and Edward catching butterflies.

Moving back to Forks wasn't our greatest idea, maybe Edward thought it was great, I definitely did not.

11- The selection

[image]

I praised every god I knew when Bella left, the best part of my day. I threw myself onto my bed and screamed into my pillow. My life, wait-, my vampire-ish-ness was in total ruins. Oh, golly, I just remembered I have school tomorrow, I'm going to cry.

~~~~~~~~~~~~~~~~~~~~~~~~

Monday, what a weird name, if anyone's name is Mon, I feel bad for them, they're named after the worst day of the week. I went to school with Emmet and Rose, because well, Edward is hanging out with Human girl. I hated the rainy town of Forks even more now.

The weather was always bad, I guess everywhere we lived had bad weather, it also had annoying humans, especially the ones named Bella. I walked to class on my own, and slumped down into my seat, pulling my hoodie over my head.

My register class was full of energetic Morons who found watching Cats falling off tables on Youtube entertaining. Oh and not to mention Daniel, the boy who kept asking me out, he was even more of a Moron. I made a mental note to make a top 100 morons list when I get home.

Daniel shot me a flirtatious smile when he walked in and I had to fight the urge to pull the middle finger. I was glad when the teacher came in and shut all the other morons up.

"Today class" He began "We will be picking dates for the school dance! since last year, this grade had a lot of Drama over that, we've come up with a fair system."

Everyone groaned, and for once I agreed with them. This meant I would actually have a date, and I would have to go! Emmets going to kill whoever I go with, Alice will be frantic about dressing me up and Rose will be trying to teach me to flirt or something. I hate this.
~~~~~~~~~~~~~~~~~~~~~~~~

"Here we have, The date picking hat! Taaa-daaaa!" The teacher dramatically takes a plastic jazz hat off his desk. Talk about cringe.

"Ladies first, the boy's names are in the hat already, Casey!" He says, calling the girl at the front desk up. She picked a small note out of the hat.

"Jackson" She readout, and everyone's head flicked towards a boy with blonde hair.

5 more girls went by before I had to stand up.

"Rowan, come on up!" The teacher said smiling.

"I don't want to pick a name out the hat," I said plainly as I reached the hat.

The teachers looked at me confused.

"What if I liked girls? then what?" I pressed

"Well, I- are you a lesbian Rowan?"

"No but it would be incredibly homophobic if I was"

"Pick a name out the hat, you don't have a choice," He said, sternly.

I snatched a name out of the hat and looked down, FUCK-MY-LIFE.

"Who is it Rowan," The teacher said impatiently

"Daniel, Daniel Carr"

~~~
~~~

"Rowan has a date" Alice giggles.

"DUDE!" I groan at her, banging my head on the table.

"To hell she has a date!" Emmet says sternly "Who is he? Im gonna kill him!"

Rosalie wacked Emmet arm, and told me to lighten up, but how could I? I had to go to the school dance with the biggest morom ever!

His reaction annoyed me even more.

12 - Top 100

[image]

"It's that Daniel dude, the one who kept asking you out?, oh I'm going to crack his limbs into pieces!" Emmet said, looking around the parking lot.

"No Emmet, can we just go home!" I whine, I wanted today to be over more than anything.

I saw Edward and Bella walk out together, and I flinched. Emmet looked down at me and took my hand.

"Don't stress yourself over Edward, he's being an idiot." He said, opening the car door for me. At least Emmet agreed with me. Emmet and Rose chatted on the way home. but I kept quiet.

When we got home, I ran straight to my room. I pulled out a piece of paper from my sketchbook, and scribbled on it;

My top 100 morons

1. Daniel Carr

2. Edward Cullen

Then I scratched it out and wrote it again.

My top 100 morons

1. Edward Cullen

2. Daniel Carr

Perfect. I kept going down the list, adding that teacher on it soon.

"I hope I'm not anywhere on the list" I jump as Emmet chuckles from behind me.

"Go away," I say quietly scrunching the paper up and throwing it into the bin.

"Hey hey hey! don't get mad at me! I just came to check on you!" Emmet says, putting his hands up playfully.

"Right, I'm sorry, I'm just having a bad day"

"Yeah, I can tell, lets do something fun!"

I look at him curiously, and he grins.

~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

"Onwards towards-....That way!!!" I laugh as Emmet runs towards the woods, with me on his shoulders.

We had been messing around in the garden the whole afternoon. We had a water fight in the nearby stream and had a competition to see who could climb this really tall tree the fastest. Emmet won, but I was close!

I was upset when we had to go back inside, I had been distracted from all the Drama with Edward and Daniel for just a few hours and it felt great. But it was over now. Esme and Carlisle were in the kitchen when we came in.

"It sounded like you two had fun" Esme smiled.

"Yep! I totally crushed Rowan in a tree-climbing competition!" Emmet boasted.

"Did not! You won by one second!" I say defensively.

Emmet laughed and ruffled my hair.

"Dude, my hair!"

"Don't bully your sister Emmet" Carlilse jokes, handing me a bottle
~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

of water.

"hah! See?" I tease Emmet and he growls in response. I take a few sips of water and run upstairs.

I sigh, Emmet really helped. I sit down and do all my homework.

"Rowan!" Carlisle knocks on the door, letting himself in. He puts a bowl of hot pasta on my table and smiles.

"Thanks, Dad, looks yummy," I say, smiling weakly.

Carlisle sighed "I'll talk to Edward, Rowan, he doesn't understand what he's doing to you" He offers.

I shake my head "There's no point, he's chosen her"

"I don't think he had a choice," Carlisle says plainly.

I look at him confused, putting down my pen. If Alice had said that I probably would have gone off on her, but Carlisle didn't take sides, so he must have some deep meaning behind it.

"When I first met Esme, I didn't have a choice, I just fell in love with her- I couldn't control it"

"But you didn't stop loving Edward and me" I counter his argument.

"Of course I didn't, but I did spend a lot of time with Esme, more than I did with you and Edward, but now I spend an equal with all of you because those first few months of being in love are very confusing," Carlisle says calmly sitting down next to me.

"But that's different! Edwards forgot about me! I don't exist to him anymore" I moan, holding back tears.

"Rowan, there is nothing and no one in this world, immortal or not, that could ever make Edward Cullen forget about his sister" Carlisle looked at me like I was being stupid, and I probably was.

"He doesn't talk to me anymore..."

"How about you talk to him then?"

13- Dressing-up

[image]

"But you have to let me win!" I say, negotiating to play chess with Jasper.

"Rowan, then there's no point in playing!" Jasper says, rolling his eyes.

"Just play Jas, your gonna win either way," Alice says, skipping into the room.

"Alice! That's spoiling!" I groan and pack up the chess. She just shrugs.

Esme and Carlisle walked in and Alice grins mischievously.

"So Rowan, when are we going to go dress shopping for the dance" Alice says, loudly.

"Alice!!!" I cry, I'm so annoyed with her right now.

"Oh your going to the dance! That's lovely!" Esme said innocently, i think she thought I was going alone. Maybe my parents woouldn't find out I was going with Daniel after all.

"Yes she is, I'm sure Daniel will make a great partner too!" Alice cooed, giggling to herself.

Esme and Carlisle gasped, and I pulled the middle finger at Alice.

"You never told us you had a date to the dance Rowan?" Carlisle said, looking very confused.

"Yeah well maybe I didn't want to, I didn't have a choice anyway! We had to pick names out of a stupid hat!" I complain, my anger showing in my tone. Why did Alice have to be like this.

"I think its exciting! Social interaction is a good thing!" Esme says,

sitting next to my, playing with my hair.

"Yeah, social interaction with people your own age, Im way older than all of them!" I growl.

Esme sighs and laughs. I carry on ranting

"And of course I have to go with Daniel Carr! Like how much worse can it get! Daniel is literally in the top 3 of my douchebags list!"

"You have a douchebags list?.." Rose questions, rasing her eyebrow.

"She has a douchebag list!" Emmet laughs, having seen it earlier.

"My life is literally ruined! What am I supposed to do now!?"

"Go to the dance with Daniel" Jasper says, and I shoot him a glare.

"Well I think you should sort out this crisis in your sleep!" Carlisle says, hinting that I should go to bed.

I roll my eyes and stand up, walking out the room.

"Oh- I almost forgot, I need to add Alice to my douchebags list!" I say, Alice only laughed, and I headed towards my room.

I heard shuffling in Edwards room, and was going to ignore it, when I remembered Carlisles words. I sigh and open the door. Edward is pacing the room.

"Looks like I'm not the only one going through it-" I tease as I sit on his couch, he doesn't say anything so I speak again.

"Whats wrong? Did Bella break up with you?" I laugh, this was more fun then I thought it would be, I should take Carlisles advice more often.

"No!" Edward started sternly "Alice said the weather will be good for baseball, and I'm not sure if I should invite Bella or not"

I smirk, hiding my hurt that he had spoken to Alice. "Yeah, go ahead, invite her, I'll tell Emmet to aim right at her!"

"Shut up" He growls.

"Someones got attitude" I say, laying back, trying to look bored.

"Rowan if you don't want to talk to me, get out!" He snaps. I break character, and flinch. I hated when people shout at me. It only reminded me of my time at the Orphanage, all those years ago.

"Rowan I'm so-" Edward said, seeing me flinch but I cut him off.

"No- no your not!" I say, beginning to storm out.

I felt Edwards cold hands wrap around me and pull me back to the couch, I couldn't fight back, tears streamed down my cheeks.

"Rowan, look at me please," Edward wiped the tears of my face with his shirt.

I shake my head, still determined not to be charmed by him. Instead of protesting Edward put me on his lap and hummed our song into my ear.

I had no choice but to fall asleep.

14 - waking up

A/N PLEASE READ:

JUST A HEADS UP SO PEOPLE DON'T GET MAD, ROWAN DOES NOT END UP WITH ANYONE MENTIONED IN THIS CHAPTER! I KNOW ITS A SPOILER BUT IT'S JUST SO PEOPLE DON'T STOP READING!

~~~~~~

When I woke up, Edward wasn't there, and I realized he wasn't trying to comfort me, he just wanted me asleep so he could leave peacefully.

My eyes were red from crying and sleep. I slowly got up, wrapped a blanket around myself, and walked to Edwards' balcony. The sun was high up in the sky, it was almost midday, the others must have left me at home and gone to school. I listen to the birds and the silent swish of the trees for a while before walking back inside.

I brush my hand along all Edwards CDS and tracks, taking time to stare at every framed picture. I didn't have enough strength left in me to cry. I walked downstairs, and into the kitchen. I found a bowl of fruit salad in the fridge, took a fork out of the sink, and walked outside.

I sat on our front steps, silently eating. Why didn't Edward care anymore? Maybe I'd done something wrong. I saw a blue and black bird swoop past me and into a tree, I watched carefully as it swiveled its head around, hopping lightly on the branches. In one small graceful glide, it traveled to the next tree. Without thinking I
~~~~~~

put my bowl down and walked into the trees, watching the bird the whole time. It flew deeper and deeper into the woods, I began to run after it, carefully dodging trees.

Suddenly I lost sight of the bird, I turned around a few times before hearing its call a few trees away. I ran towards the tree, but then heard the call behind me, and then to the left, and then the right. I cried out in frustration and collapsed on the ground. The bird then came to a stop on a low branch and looked at me expectantly.

"I'm not playing your game you silly bird!" I curse at it, only stopping when I realized I was talking to a bird.

The bird fluttered its wings as if to say it was okay with that, and flew off. I knew I was lost, but I didn't care, there was nowhere I was needed to be. I crawl and sit under a wide tree, catching my breath. I hear a stick crack somewhere in front of me. I stand up immediately and look around. I have a weird feeling in my stomach, and I take off running in the opposite direction.

I can hear something big running after me, and I swerve around trees trying to shake it off my tail, but it doesn't seem to work.

I start to run out of energy and something warm and furry pounces on me.

It snarls searching me up and down, the black figure pushes me against a boulder with its...paws? Oh, fuck- a werewolf.

"Please! I'm not a full vampire! Am I on your territory?- I'm sorry!" I cry out, not sure what else to do.

The wolf turns its head confused, walking in semi-circles around me. I keep my eyes on it, unsure what its intentions were.

Out of nowhere, it transformed into a human, and there was a naked man standing in front of me.

"Ahhh! Ewww! Naked person, ew, no!" I whine and cover my eyes. The man snarls and puts a pair of pants he was holding in his mouth on.

I peep to see if he was clothed and sigh with relief when I see he's wearing pants.

"Who the hell are you!" He growls, and I look him up and down.

"That's none of your business mutt!" I say defensively, imitating Rose's confidence.

"You're a vampire, but you smell different!" He says, approaching me.

"Yeah well, you smell like a sock!" He didn't, he smelt like leaves, but I said it anyway. Werewolves and humans don't have a distinct smell to me, but it seemed like an offensive thing to say.

The man looked at me, making me feel so small.

"Oi! stop staring at me dickhead!" I say, trying to gain confidence.

"Don't tell me what to do bloodsucker!" He snarled "What are you doing here! We agreed to no hunting here!"

"I don't hunt dumbass! I told you I'm half-vampire, who are you anyway, the wolf king!?" I joke, snorting at my own words.

"It's called an Alpha, bloodsucker!" He said, clenching his fists.

"Don't care, anyway, I'm not doing anything illegal so I'm going to leave.." I say, slowly sliding along the boulder.

"Hey! No!" The man grabbed me and slammed me back on the boulder.

"Ouch! Chill dude! Let me go! Who the hell do you think you are!" I say, dusting the soil off my hands.

"I already told you, I'm Sam the Alpha of the Quilutes!" He growled, "And your not leaving till you tell me what you're doing here!"

"Why do you care, its not your territory...is it?" I looked around, unsure where I was.

"No it's not, but that doesn't mean I can't be suspicious of you lot!"

"Fuck off then, I'll leave and we can forget this situation, I have better things to do than hang around with you-" Just then, another wolf, greyish black this time, appeared from behind the trees.

"Oh God, another mutt" I cursed, the wolf snarled and transformed into his human form.

"Ahhh another naked man, ew, no, ew" I covered my eyes again, almost throwing up in my eyes.

"This is the bloodsucker that could be a threat, Sam?" The other boy stifled a laugh, putting some pants on- to Rowan's relief.

"Yeah, caught her sneaking around the woods, Embry," Sam said, not taking his eyes off me.

"Sneaking around!? I was just going a god damn walk!" I shout at them.

"Really? since when do vampires go for walks?" Embry said, crouching down.

"Since me! When my brothers find out I'm here with you-" I start, only to be interrupted

"Well your brothers aren't here are they!?" Sam snaps, and I flinch. That hit hard, had Esme noticed I was gone yet. Had Alice seen me leaving? Did they care?

"Just let me go you freaks! I've done nothing!" I cry out, half begging them

Sam and Embry looked at each other before nodding, transforming into their wolves and running off into the woods. I sighed and looked around. If I went back now, they would smell the wolf on me and there would be more trouble. I didn't have the energy for trouble. I scaled a nearby tree, I couldn't see my house, but I could see a river.

I decided to head towards the river, trying to process what just

happened.

Thanks, luvs,

15 - Esme

The fresh river water was cold, but it brought my senses back. I left my shirt on a rock to dry and walked around in my wet shorts and bra. I picked a few yellow flowers and made a daisy chain, waiting for time to pass.

I'm not sure what I'm waiting for. I want to go home, but I don't know where I am, and I don't want anyone to fuss over me when I get back.

I looked at the sky again, the sun was now a little way past my head. It was early afternoon. In an hour or so everyone would come back from school, and notice I was gone. Esme has most likely already noticed but I'm not sure what she's doing about it. After a while, my shirt wasn't soaking, and I put it on. The fabric clung to my skin awkwardly and made me cold, but I ignored it and started walking down the river.

Eventually, the river would come to an end at a lake, dam, or the beaches that surrounded forks and I could find my way back. My feet soon turned numb from walking barefoot on the cold ground.

Not long after, I heard the pounding of waves against cliffs, I used the last of my energy to run towards th sound. I had to stop fast, as I almost flung myself over one of the cliffs. I knew where I was now, the cliffs were all on the eastern end, so I headed right, and soon heard the distant chatter of the town of forks.

I came out of the woods, near Mike Newton's parents' shop. I slowly made my way down the road and turned into our driveway. I was completely out of energy. I heard a shrill cry as I neared the house.

"Rowan!" Esme sprinted down the path and engulfed me in a hug. She carried me up to the house, and onto the steps, next to my old bowl of fruit salad.

"Where on Earth were you! I was so worried!" She scolded, her eyes filled with sorrow.

"I- the bird- Edward- werewolves- river...Edward.." I could barely speak, my mind was rushing thoughts from all directions, trying to take in my surroundings.

"what!? Werewolves? River!?" Esme kissed my forehead, concerned.

"I-i- I'm sorry" I burst into tears, which I'm finding is something I do quite often these days.

"Ssh honey, it's okay, how about you go and shower"

I nodded, wiping the tears off my face, and walking inside. I turned the shower on, letting the hot water scorch my skin. While I was changing, I heard two cars pull into the garage, my siblings were home. I didn't want to talk to anyone, so I stayed in my room. I heard loud whispers coming from downstairs, I tried to ignore it, and took out my sketchbook and pencil crayons. I roughly sketched the two wolves I'd seen, the river, and the sun. I looked at my drawing for a minute, and then angrily scrunched it up.

I heard Esme, Rose, Emmet, and Jasper whispering outside my door. If they wanted me not to hear, they could at least try not to talk right outside my room. I rolled my eyes and packed away my pencils. I didn't care what they were saying, I knew it was about me, but I didn't really care about me right now. I heard the door open, but I didn't look. I kept on staring blankly at the wall.

"The wall seems very interesting," Rose says, talking lightly, walking towards me.

"It is," I said plainly, not really wanting to talk to anyone.

"Esme said you ran away, she was worried"

"I didn't run away!" I snap harshly. Rose stood her ground, not flinching or changing her expression.

"Then what did you do?" Rose said, glancing at the scrunched-up sketch.

"I- it's none of your business" I mumble, holding in tears.

"Okay," Rose spoke gently and walked out. I stared after her, shocked. What was going on in my life.

The last thing I remember, was sitting on my bed, and falling asleep.

16 - Talking's hard

I woke up, again with little energy. Again, it was almost midday. Again my eyes were red from crying. Again I woke up with no Edward.

I sighed, looking in the mirror. My hair was a mess, and there were small bags forming under my eyes. I took a quick shower before walking downstairs. Esme was in the lounge, she smiled as I walked in. She patted the couch next to her, and I sat down.

"Would you like to tell me what went on yesterday?" She said, both worried and upset. I knew what I did wasn't right, but I didn't mean for it to happen. I took a deep breath and looked up at her.

"I just- Edward, he, he put me to bed...and I thought he had remembered me, but...it was just to get me out of the way" I began, talking slowly, so I wouldn't rush or cry.

"Do you think you were in the way?" Esme asks. I look at her unsure.

"No, I thought not," She smiles "I don't think you were in the way of anything, Edward just really loves Bella"

I cringe as she says the last bit. Edward used to love me too, just not the way she loves Bella now. Esme motions for me to carry on.

"And when I woke up...there was a bird, I followed it and then I got lost...and the werewolf came...and then I came back" I stuttered. Esme nodded slowly.

"Werewolves? how come none of us smelt anything on you?"

"I washed in a river.."

"Oh, well it looks like you've had quite the adventure, how about you watch someone else's adventure," She says, gesturing to the TV. I nod, smiling weakly. Maybe it would distract me.

"Oh and I assume you don't want me to tell your siblings you ran into some werewolves?" Esme says, walking out the room.

"Oh god! Please don't tell them!" I shout after her, turning on the TV.

I watched it for about two hours. I got hungry and walked to the kitchen. I started making late lunch for myself when all my siblings walked in.

"Hi! How was school guys" I say, licking the excess food off my knife.

"Meh, same as always," Alice says, clinging to Jasper's side. I nodded, giggling.

"How was your day?" Emmet says, rufflings my hair, I shrug my shoulders. I hadn't been very productive at all. Alice, Jasper, and Rose left, leaving Emmet and I in the kitchen. He watched as I made my food, and sat down.

"You've been very...not you...lately, are you okay?" He asks, I freeze nervously, take a few breaths before turning to him.

"I don't know, I'm just upset, I miss Eddie" I smile sadly. Emmet says nothing, instead, he walks over and gives me a big hug.

"It'll be okay" He kisses my forehead.

I'm not sure if I agree, but it's better than nothing...right?

17 - Daniel

I woke up early for once on Thursday and decided I would go to school. Being alone at home would only cause over-thinking. I got ready and left with Emmet and Rose.

In the hallway, I heard someone come up behind me and lean against the locker next to mine. I sighed when I realized who it is.

"What do you want Daniel?"

"Well geez, can't I say hi? You've been gone for 2 days," He grinned. I rolled my eyes and walked away, but he followed.

"Okay, rude, let's start over, Hi Rowan how are you today?" He offered, I look him up and down before smiling sarcastically.

"Hi Daniel, I was great before you showed up!" Daniel chuckled, which annoyed me even more.

"Better than nothing" He says, holding the door of the classroom open for me, and winking. I give him the finger before walking inside.

Class was boring, but it distracted me from everything else going on my life. I tried to concentrate on the teacher but my mind slipped every now and then. When lunch came around, I made little contribution to my siblings conversations, occasionally saying 'Yes' and Mhm', 'sure'.

"Rowboat...you seem off" Emmet said, as we walked to class together.

"Hmm, and so?" I said, looking at my shoes.

"Rowan- please don't let some old ass vampire piss you off" Emmet punches my shoulder playfully.

"Your not pissing me off" I wink, disappearing into my next class, smiling as I hear Emmet curse and chuckle outside.

I sit down, and groan when I see Daniel coming over to sit next to me.

"I never said you could sit there" I grabbed my book out my bag, debatiing whether to hit him with it or not.

"You never said I couldn't" Daniel turned to face me, and I turned away.

"Take a hint Daniel, I don't like you" I clench my fists, resisting the to punch him. Daniel frowned and stood up. He took the seat behind me, a looked at him in disbelief.

"What? would you like me to come back?" Daniel grinned, I shot him a glare and turned around.

I should have stayed home today. As class was ending, I saw Edward and Bella walking past together, I know Edward saw me but he didn't even smile. I ran to the bathroom and locked myself in a cubicle. I looked at my hands, they were shaking. I tried to get my thoughts in order, but I couldn't

Calm down Rowan, its okay, your fine, calm down

I sprinted out of the bathroom, down the empty hallways and out of the school. I couldn't do it, theres no way I'm going back in there. I didn't want to go home, and I didn't want another adventure in the woods. I decided on talking to Dad.

I walked to the hospital slowly. My hands stopped shaking as I past Carlisles car. I knocked on his office door, in case he was in a meeting or he was doing something important. I heard him mumble something and opened the door.

"Rowan? What are you doing here?" Carlisle said, standing up and giving me a quick hug.

"I just didn't want to be at school" I sigh, sitting down oppisite him. I looked around his office, although I had been in here multiple

times.

"Alright, you should go home, I have patients that I need to tend too" Carlisle says, his eyes filled with sympthy. I nodded and told him I would go home. I lied though, I didn't feel like going home, so I just walked into town.

I bought myself a few sweets and nibbled them on a bench, when it started to rain. I groaned and ran back to the school parking lot. Just in for school to end and I went home with Emmet and Rose.

18- Bellas house

I've never felt so emotionally and physically drained in my life, except during Edwards' rebellious years. It feels the same, but worse. I hate this so much.

I've been lying on my bed for a few hours now, the sky was turning orange and I could hear crickets in the distance. I decided to finally get up. I hobbled towards the door, and downstairs. I could hear my parents talking in Carlisle's office, Alice and Jasper were in their room, and Rose and Emmet were in theirs. I made the next decision stupidly. I grabbed my wallet and took a deep breath.

I sprinted out the door and down the driveway, for no particular reason at all. I ran through the forest until a came to the bit just beyond the middle of town. I gathered my energy and walked into a small cafe. I bought a coffee and sat down by the window drinking it. I wonder where Edward and Bella are? Actually, I know exactly where they are, and that's where I'm going next.

I really needed to speak to Edward, I need to tell him I'm sorry, for whatever it is that I did that made him hate me. I held back tears as I searched for Bella's house. Finally, I saw Edward's car parked outside a house. I checked my powers to make sure Edward couldn't read my mind and approached the front door.

As I reached my hand to knock I heard two familiar voices from inside.

"I'll be back in a few" Edwards footsteps neared the door.

"Okay, I'll be waiting" Bella's bitter voice called out.

In an instant, I went from the door to behind the trees lining Bella's house. Edward walked out the door, and straight to his car. As he turned it on, I sprinted and jumped into the car.

"Rowan!? What on earth are you doing here?" Edward growled.

"I just wanted to talk, or am I not allowed to do that anymore!"

"I- Fine, what is it?" He started driving down the road, towards our house.

"I know why you put me to sleep that night, and I just wanted to know why, well I know why but like I wanted to know why you couldn't have just-" Edward cut me off before I could finish.

"Rowan, what are you talking about? Put you to sleep? I just hummed our song and you fell asleep! I did it because you were so damn tired from crying!"

"Bullshit! You did it so that I was out of the way and you could go see Bella!" I cry out.

"That is not true! Why do you hate Bella so much!? What has she ever done to you huh!?"

"She hasn't done anything to me, Edward! It's you, goddammit, it's you!"

Edward looked at me confused and I snapped.

"Don't act like I'm an idiot Edward! You only talk to her! You only spend time with her! You...you only love her...and not me! You've forgotten about me! I'm supposed to be your sister!"

Edward looked taken back.

"Rowan it's not my fault!"

"You complete bastard!" I cry "I just expressed to you how I'm feeling and instead of comforting me or at least trying to see my point of view you try and defend yourself! It is your goddamn fault Edward, It's your fault you can't even say Goodnight to me anymore or even smile at me when we see each other at school! Fuck you, Edward Cullen! Fuck you!"

By now we had reached the driveway, I got out of the car, and

sprinted inside without saying another word.

19 - Lies

"Rowan! Rowan!" Emmet and Esme were banging on my door, and I could hear the rest of the family shouting and arguing. I was lying against the door, they could easily break it open but they wouldn't if I was right next to it.

"Rowan Hunny please let us in!" Esme begged, I could tell that if she could cry she would.

"Edward get away from that goddamn door right now!" I hear Rose screeched.

"Let me talk to her! She's my sister!" Edward growled.

"Well then act like it, Edward!" I heard Rose stomp towards my door.

"Step away from the door Edward, step away!" Emmet growled. I gasped, I'd never seen Emmet that mad at Edward.

I heard some kafuffle outside before a door slamming and Carlisle shouting. Everything around me went dizzy, and my head was throbbing. The last thing I can remember is the door falling beside me, and Emmet's strong arms picking me up.

~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

"She's not okay Carlisle!" Rose hushed. I looked around me, I was in Carlisle's office, he had set up a hospital bed for me.

"Her results came back fine, she just got anxious and blacked out," Carlisle said, they hadn't noticed I was awake yet.

"No Carlisle, I mean like inside, she's mentally hurt," Rose
~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

whispered, and Carlisle nodded slowly.

"She's run away twice now! What do you think she's gonna do when she finds out about Saturday!"

"What's happening on Saturday?" I couldn't help but ask, Carlisle and Rose looked at me then each other, shocked.

"Nothing Rowan, you need some more rest, you've only been asleep for 5 hours" Rose cleared her throat, walked up to me, and kissed my forehead.

"No, I'm fine, what's happening on Saturday?" I pester, groaning as I try and sit up.

"Rowan you need to rest," Carlisle says, running a hand through his hair.

"No! Tell me what's happening!"

"It's nothing Rowan really! You should sleep!" Rose raised her voice, gesturing Carlisle towards the door. Carlisle and Rose reached the door before I screamed.

"Stop lying to me! Please! Tell me what's going on!"

Carlisle shook his head grimly and Rose bit her lip.

"Have a good sleep Rowan" Rose said plainly, closing the door.

"No! Come back! What's going on! Please! Someone! Help me! Come back! No! No!" I screeched.

Everyone was lying to me. I thrashed around violently until I brought myself together. I had to get out of here. There were no windows in the room so I stumbled towards the door. I still felt dizzy but that didn't stop me. I opened the door as silently as I could.

I stumbled through the house and out the front door, only to slam into Jasper and fall to the ground.

"Woah there Little miss, where the hell do you think you're going?"

"Somewhere where people aren't horrible and don't lie to me!" I groan. Jasper says nothing but helps me up.

"What's happening on Saturday?"

"Alice said you'd ask that" Jasper chuckled.

"It's not funny!" I snapped, and he pursed his lips.

"Right, you need to get back inside Row" He offered his hand but I refused and he followed me back to Carlisle's office.

Great back to where I started. I guess it was stupid anyway, where was I planning to go? I slumped down on the bed as Jasper left.

ALSO, SORRY FOR NOT POSTING!

~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

I woke up to Emmet shaking me awake.

"What the hell dude!" I groan and sit up.

"Mornin' Rowboat, you ready for some baseball?" Emmet threw some clothes on the edge of the bed, winked, and walked out. I slowly got up and changed. I walked out and found Emmet and Rose waiting for me. I decided to forgive Rose for last night. I didn't have the energy to be mad at her.

"Let's go Row, I need to stretch before I absolutely crush Emmets team," Rose says, walking towards the garage.

"Oh as if!" Emmet scoffs and follows her. I stumbled after them. I look around the garage confused, Emmets Jeep was gone.

"Edward took it," Emmet says, looking at me, "We're going to run there"

I groan, if I wasn't tired enough, throwing up on Emmets back was going to make things worse. Emmet chuckles and picks me up effortlessly. I secured my arms around his neck before he took off. Normally this was a fun experience, but it just reminded me of all the times Edward and I did this. I buried my face in Emmet's neck as he ran, my hair flying all over the place.

When we stopped, I didn't let go. Instead, I swung around so that now I was hanging on Emmet's chest like I was giving him a hug
~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

with my legs up.

"You okay Rowboat?" Emmet questioned, resting against a tree.

"Hm? Yeah! Um, Yep!" I pull myself together and drop to the floor, not so gracefully.

Emmet raises his brow but says nothing. Together, with Rose, we walk into the field.

In the field, I see Carlisle, Esme, Alice, Jasper, Edward, and of course, Bella. I sigh and look up at Emmet. He grabbed my hand and gave it a comforting squeeze.

"Aww! Cuteness!" Rose coo-ed and Emmet rolled his eyes, "Anyway, Rowan, don't be bothered by the human, just be confident!" I nodded, as we walked up to Esme, Carlisle, Edward, and Bella.

"I assume you've already argued about and chosen teams" Esme smiled, and Edward nodded. I tried not to look him in the eye, but couldn't help a few glances.

"Emmet, Alice, Esme, and I on one team, Carlisle, Jasper, Rose on the other" Edward said.

I roll my eyes, of course, I was never really allowed to play with them because I might get hurt but now I had to sit out with Bella. I skipped towards Esme and Bella, they were chatting about Esme's past. Why was Mom telling this human her entire life story!?

"Oh there you are Rowan, How was your sleep last night?" Esme asks.

"Meh, I've had better" I sigh, and Bella looks very confused, it's kind of funny.

"I thought vampires didn't sleep," Bella says. I was about to snap but Esme gave me a glare and I held it back.

"Rowans a half-vampire" Esme explains, and Bella asks a whole lot more questions but I'm not listening.

A huge crack knocks me out of my thoughts, we all turn to see Edward and Emmet laughing uncontrollably. Emmet broke one of the baseball bats.

"Do we have a spare?" Edward shouts, and Esme throws one at them. I then offered to go fetch another one from the house in case someone broke another.

I stomped through the woods, trying to calm myself down. Suddenly I hear something in the distance, voices. I sprint back to the field.

"No!" Alice cries, and everyone stops playing. Edward rushes to Bella. Emmet grabs me as everyone crowds around Bella and me.

"What's going on?" Carlisle looks at Alice and Edward.

"Nomads, they heard us playing," Alice says.

"We need to get Bella and Row out of here then!" Esme frantically looks around.

"It's too late" Edward growls. Three figures immerged from the mist and started to walk towards us. I stood next to Rose, a little bit behind her.

"Hello, I'm Carlisle and this is my family, Jasper, Alice, Emmet, Rose, Rowan, Edward, Bella, and Esme" Dad speaks as the vampires reach us.

"I'm Laurent, these are my companions, James and Victoria" the vampire in the middle speaks.

"We were just wrapping up, could we ask you not to hunt in our area?" Carlisle says, I can see that all the vampires are intimidated by Emmets huge safe, and I shifted so I was hidden behind him, as I did James looked at me and his nostrils flared.

It was at this moment that I realized I was so exhausted that I hadn't been using my powers, and James could smell my not-so-human blood...
